Vodka 6100 is the Club's newest offerings in our vodka line up. It was selected for many reasons, but the clearest is for its undeniable smoothness. Made in New Zealand from whey, this gluten-free, sugar-free and lactose-free vodka has been tasted amongst the perennial powerhouses and often outperformed its competition. The water source, natural New Zealand spring water, adds a purity that is unmatched by any other vodka. Lastly, its name is derived from the distance, in miles, that New Zealand is from the mainland U.S., coincidentally, also our street number.
